Prof. Archita Chatterjee , Army Institute of Management-Kolkata, India,
archita.chatterjee@aim.ac.in]

SESSION DESCRIPTION:

[With the rapid change in technology, its effect is vehemently faced by management and industry on day to day life. As we are moving into Fourth Generation of Industrial Revolution or famously known as Age of industry 4.0. The session would mainly focus on papers related to emergence of technology and its impact, digitization including Artificial Intelligence and its acceptability based on employee psychology. The change in technology must have some reflection on economic growth ,a reverse effect could also be expected, so research papers highlighting any of the areas would be accepted.]

RECOMMENDED TOPICS:

Topics to be discussed in this special session include (but are not limited to) the following:

- Impact of Technology on Employee psychology
- Impact of Technological change in Operations
- Challenges and Opportunities of Technology in Business
- Economic growth and constraints based on shiftment in Technology
- Effect of digitization on society
-
